**The Washoe County District Health Department advises that eating raw, undercooked animal foods or animal foods that are not otherwise processed to eliminate pathogens (such as meat, poultry, eggs, milk, seafood or shellfish) poses a potential health risk to everyone, especially the elderly, children under the age of 4 years, pregnant women and other highly susceptible individuals with compromised immune systems. Thorough cooking or processing of food to eliminate pathogens reduces the risk of illness. Items are prepared in facilities that process tree nuts and peanuts.
